Beard Construction

Allotment Newsletter

We have been on site now for 46 weeks. Summer has arrived and the holiday season has started

2 blocks completed and the scaffolding being dismantled to block 6&7

Block 4 scaffolding, insulation and cladding to the lift shafts Larch panels to the bay on block K (6)

Steel frame delivery for the green walls to the front of buildings H&L Large Meccano set

Decoration and render panels prior to fitting brise Soleil

Works have progressed on 7 blocks with either scaffolding up or scaffolding down

Badger activity is still being recorded in the run whilst the work progresses, Eco Consultants reported yesterday that they are happy with the runs progression and no issues raised by them on access.

Regards

Paul Renton-Rose
